Sandy Tilley

"Well the dark was big where
your cars went through:
What you thought, you thought
you knew -
And there was a clock attached
to birds,
That explained you and me
without any words."
-Warren- my love for you is
forever!
Melissa Moriyona

Thanks Mom, Dad, Chela, Marissa for helping me through the good and the bad times. I love you. Class of 88 #1.
Martha Berumen

I would like to thank Twain and all its staff for all the help and support you gave me to graduate. I needed it. Thanks.

Pam Straight

Ignorant people think it's the noise which fighting cats make that is so aggravating, but it ain't so; it's the sickening grammar they use.
Khrystyna Kornmayer

I would like to thank my mom and all the staff and my boyfriend Jeff for helping me get through this year.

Computers are stupid!

You are brilliant!

BUT

Computers are fast, accurate, infinitely patient, and never bored.

Humans are slow, inaccurate, impatient, and easily bored.

This could be the beginning of a beautiful relationship!

Discovery Learning Company will help you use computers effectively to

- manage your small business
- write better and more easily
- control your finances
- organize your collections
- do almost anything involving information, words, or numbers.
